

Clean air is on the horizon.

Celebrating the progress towards cleaner, healthier air.

2022 California Air Quality Awards

Invest in the FUTURE

We are excited to present our 2022 California Air Quality Awards. Help us shine a bright spotlight on those who've joined CCA's fight to bring clean air to California.

California Air Quality Awards

Take advantage of these opportunities

Reach decision-makers & environmental leaders

For the past 20 years, the Awards have been the place to see and be seen by California's leaders in the fields of air quality and climate change.

Attending the event is ideal for:

- Technology Providers
- Regulators
- Elected Officials and Staff
- Consultants
- Corporate Social Responsibility Professionals

Coalition for Clean Air is a 501(c)3 nonprofit organization, tax ID# 23-7120567. Donations are tax-deductible to the fullest extent of the law.

COALITION FOR CLEAN AIR

California's only statewide nonprofit dedicated exclusively to advocating for healthy air.

50 years of excellence

Our Approach

Our unique collaborative model brings all interested parties together to find cooperative solutions to California's most pressing air quality issues.

CCA is one of the main reasons why California consistently leads the nation in promoting innovative technologies to improve air quality.

— Mary Nichols, California Air Resources Board Chair (Ret.)

Recent Victories and Historic Wins

Led a campaign to pass legislation which invests cap and trade revenue in communities most impacted by pollution and poverty.

Co-sponsored legislation that established Charge Ahead California with a goal to put one million electric vehicles on California roads in the next decade.

Successfully secured the first Executive Order from the Governor aimed at providing a sustainable path forward for the freight sector.

Won the nation's first ban on "perc," a toxic dry cleaning chemical which creates smog and threatens our health.

Spearheaded California's original Smog Check program which reduces 100 tons of automobile pollution daily.

Sponsored and helped pass the first law in the nation to reduce greenhouse gases emitted from cars.
