

Clean air is on the horizon.

2023 Toast to Clearing the Air

2023 Event Sponsorship Opportunities

Celebrating the progress towards cleaner, healthier air.

Invest in the FUTURE

We invite you to sponsor our 2023 Toast to Clearing the Air. CCA events support our vital work in reducing air pollution across California.

Toast to Clearing the Air

Take advantage of these opportunities

Reach decision-makers & environmental leaders

Join us to network with prominent policy, business, civic and environmental leaders. Demonstrate your commitment to California's air quality and climate objectives by showing your public support for the Coalition for Clean Air.

Join us to meet:

- California Assemblymembers
- California Senators
- California Air Resources Board Members and Senior Staff
- Energy, Transportation, and Local Government Policy Leaders

SPONSOR & ADVERTISER DEADLINE is February 17th, 2023.	

CCA requests that **all guests wear masks** while attending the event and only remove their masks while eating or drinking. For the safety of our guests, all attendees must be **either fully vaccinated (2x) or provide proof of a negative PCR or antigen COVID test** taken within the past 24 hours. Please note: This information may change according to any new guidelines being implemented before March 23rd. If required by health department guidelines, this event may be hosted virtually. Due to reduced occupancy allowance at the Sutter Club (thanks, COVID) tickets will be generally restricted to event sponsors. We will make a limited number of tickets available on a first come, first served basis to colleagues from environmental and community-based organizations. Please contact jordan@ccair.org if that applies to you. Finally – a small number of tickets may (or may not...) be available 48 hours before the event on a first come, first served basis. Be sure to add your name to our mailing list, so you get notified if tickets become available. We apologize for the inconvenience.

Sponsorship Commitment

YES! We will participate in the following ways:

COALITION FOR CLEAN AIR

California's only statewide nonprofit dedicated exclusively to advocating for healthy air.

50+ years of
excellence
1971-2023

Our Approach

Our unique collaborative model brings all interested parties together to find cooperative solutions to California's most pressing air quality issues.

CCA is one of the main reasons why California consistently leads the nation in promoting innovative technologies to improve air quality.

— Mary Nichols, Chair, California Air Resources Board (ret.)

Recent Victories and Historic Wins

Led a campaign to pass legislation which invests cap and trade revenue in communities most impacted by pollution and poverty.

Co-sponsored legislation that established Charge Ahead California with a goal to put one million electric vehicles on California roads in the next decade.

Successfully secured the first Executive Order from the Governor aimed at providing a sustainable path forward for the freight sector.

Won the nation's first ban on "perc," a toxic dry cleaning chemical which creates smog and threatens our health.

Spearheaded California's original Smog Check program which reduces 100 tons of automobile pollution daily.

Sponsored and helped pass the first law in the nation to reduce greenhouse gases emitted from cars.
