

Toast to Clearing the Air

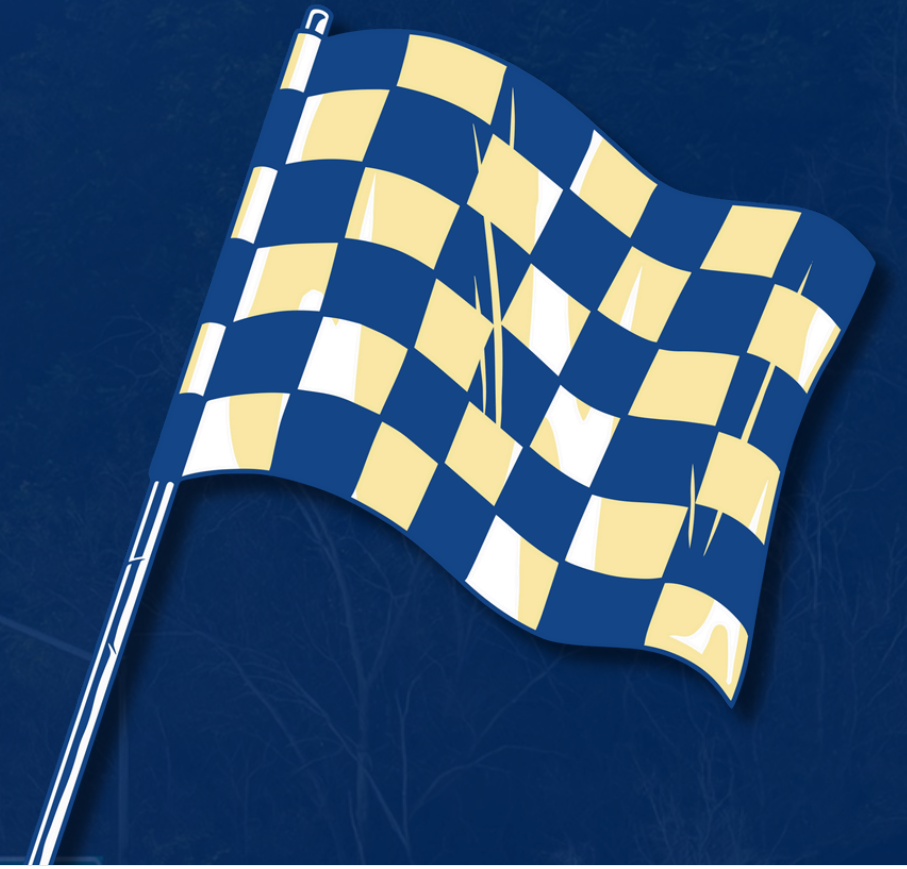

SPONSORSHIP PROPOSAL

Join thought leaders and change-makers who are setting the direction of combating climate change and air pollution in California.

THE COALITION FOR CLEAN AIR

Our mission is to protect public health, improve air quality, and prevent climate change.

As California's only statewide nonprofit devoted solely to clean, healthy air, we champion innovative policies, connect and empower communities, and engage the public through education and projects like Clean Air Day.

VICTORIES & ACCOMPLISHMENTS

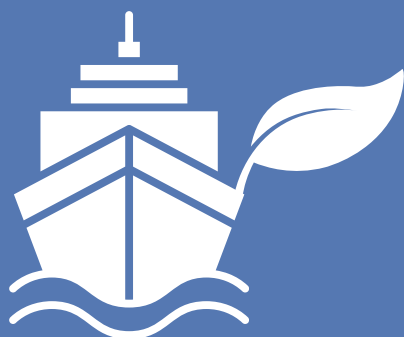

Spearheaded California's Clean Truck Check, a Smog Check program for heavy-duty trucks.

Won the nation's first ban on "perc," a toxic dry cleaning chemical which creates smog and threatens our health.

Led a campaign to pass legislation that invests cap and trade revenue in communities most impacted by pollution and poverty.

Successfully secured the first Executive Order from the Governor aimed at providing a sustainable path to reduced freight emissions.

Sponsored and helped pass the first law in the nation to reduce greenhouse gases emitted from cars.

ABOUT THE TOAST

Join us for a **Toast to Clearing the Air**, an evening reception featuring great people, important conversations, wine, beer, and hors d'oeuvres. Build meaningful connections and celebrate tangible progress on air quality. This signature event in our State Capital places you at the epicenter of California policy, offering a distinguished platform to engage with the state's most influential figures: **State legislators, agency leaders, and key decision-makers.**

Guests will enjoy listening to a lively discussion on the state's most pressing air quality and climate challenges. **Sponsoring this event demonstrates your commitment to protecting public health and advancing the fight for environmental justice.** Your support funds the efforts at Coalition for Clean Air to build support for air quality and climate protection, defend past victories, and expand work on protecting our most polluted communities.

This is your chance to turn commitment into crucial visibility, providing a premium stage to engage state leaders and cultivate powerful, meaningful partnerships. **Don't miss this opportunity to participate in "the most anticipated networking event of the year."**

EVENT DETAILS

Wednesday, March 25th

5:00 pm – 6:00 pm
